## Frequently Asked Questions:

### Q: Is ultrasound safe?

Extensive studies over 30 years have not shown any cause of harm to mother or child. The intensity of the ultrasound in 3D/4D is the same as conventional 2D. If you have any concerns, please check with your physician.

### Q: When is the best time to have the ultrasound?

Any time between your 26th and 30th week of pregnancy.

### Q: How long does the scan take?

About 30 minutes.

### Q: What does a package cost?

\$150. You'll receive your DVD and pictures before you leave.

### Q: Does insurance cover the cost?

No. We ask that you pay for your package before the ultrasound is done. We accept cash, checks, and VISA, MasterCard and Discover credit cards.
